As previously disclosed, on April 17, 2020 the Company received a notice from NYSE that the Company was not in compliance with NYSE listing standard 802.01B because at such time our average global market capitalization over a consecutive 30 trading period was less than \$50,000,000 and stockholders’ equity was less than \$50,000,000.

Based upon a review of the compliance plan and information submitted by the Company, the NYSE has accepted the submission. In accordance with NYSE rules, the Company will now be given until December 26, 2021 to regain conformity with continued listing standards. The Company’s common stock will continue to be listed on the NYSE during such time, subject to the Company’s compliance with other continued listing standards. The Company will also be subject to quarterly monitoring by the NYSE for compliance with the plan. If the Company fails to comply with the plan or does not meet continued listing standards at the end of the cure period, it will be subject to the prompt initiation of NYSE suspension and delisting procedures.
